Madrid, Spain

Subject: International Support for Professor Camilo Prado Román

Dear Faculty Scholars:

As a representative of the Stockholm School of Economics in Riga and the Riga Graduate School of Law, and on behalf of the cooperation between our institutions and Universidad Rey Juan Carlos, I am pleased to express my strong support for **Professor Camilo Prado Román** as a candidate for Dean of the Faculty of Economic and Business Sciences at Universidad Rey Juan Carlos.

The Stockholm School of Economics in Riga and Universidad Rey Juan Carlos have had a cooperation agreement in place for many years. This includes a long-standing Erasmus student exchange agreement, and teaching staff exchanges between our institutions take place regularly. The Riga Graduate School of Law is also currently in the process of establishing a cooperation with Universidad Rey Juan Carlos. Through these partnerships, I have had the opportunity to work with Professor Prado Román and to see his academic excellence, professionalism, leadership and commitment to international cooperation.

Professor Prado Román has the experience and vision required to lead the Faculty successfully. He is committed to strengthening international partnerships, promoting academic excellence, supporting research and preparing students for the global economy.

I am confident that his appointment would benefit the Faculty and further strengthen the collaboration between our universities.

I therefore offer my highest recommendation and full support for Professor Camilo Prado Román's candidacy.

Yours sincerely,

Natalja Tocolovska
Associate Professor
Stockholm School of Economics in Riga
Riga Graduate School of Law
